

BIM / CAD Drawing Production Specialist Job Opening – Wasilla, AK

Architects Alaska is seeking qualified applicants for the position of CAD/BIM Production Specialist- highly skilled with recent Revit and AutoCAD and software. *The ideal candidate possesses the following attributes:*

- *Highly self-motivated / self-directed, competent with working both independently as a collaborating, proactive team member*
- *Positive, enthusiastic attitude*
- *Excellent organizational skills and attention to detail*
- *Excellent written and oral communication skills*

The position's *primary duty* is to produce architectural drawings and build BIM models of architectural building designs to our office's BIM / CAD standards. Understanding graphic representation and construction documents is required. Knowledge of architectural construction standards and engineering systems is extremely helpful, but we understand that expertise comes from on-the job experience. A willingness to learn is a must. Previous architecture firm experience is preferred, but not required.

The position's secondary duties are to work on 3D renderings and visuals, and assisting with our marketing department's graphic design efforts as needed.

Architects Alaska offers a casual, fun, and collaborative work environment, a wide range of responsibilities and professional growth potential, with competitive pay and benefits. If you think you have the right stuff to join our dynamic team, we'd love to hear from you! Please send a cover letter detailing your interest as well as your resume to the attention of Michael Henricks.

Salary dependent upon experience. Range indicated may be exceeded if applicant experience is commensurate.

General Requirements:

- Certification from an Autodesk AutoCAD and Revit approved training program. 1-year minimum professional work experience desired, but we'll train the right individual.
- Proficient in Microsoft Word and Excel.
- Knowledge and experience with Adobe Photoshop, and Illustrator preferred.
- Basic understanding of civil, structural, mechanical, and electrical engineering CAD symbology.
- Knowledge of Revit BIM systems and database interfaces is preferred.

AAI Offers:

- Fun, collaborative working environment.
- Employer insurance including medical and dental, optional vision, life and disability.
- Paid holidays and leave.
- 401K retirement plan after 1 year of employment.
