

CAD/BIM Production Specialist Job Opening – Anchorage, AK

Architects Alaska is seeking qualified applicants for our next *Architectural Design Production Professional- to be based in our Anchorage, Alaska office!* Candidates should be self-motivated, enthusiastic, and professionally minded, with enough experience to rise to the challenge of working with limited oversight as a drafting production specialist using AutoCAD and REVIT software. This position supports Architectural drawing production for new buildings and renovation projects. Other desirable skills and experience include a basic understanding of commercial construction building and engineering systems, excellent communication, listening and organizational skills, and a passion for being detail-oriented.

Architects Alaska is a full-service design firm and offer design expertise for a wide range of project types. We offer a casual, fun, and collaborative work environment and professional growth potential, with competitive pay and benefits. If you think you have the right skills to join our dynamic team, we would love to hear from you! Please send a written cover letter, resume, and drawing samples to: mhenricks@architectsalaska.com

General Requirements:

- Certification from an Autodesk AutoCAD and Revit approved training program and a preference for 1-year minimum professional work experience
- Proficient in Microsoft Word and Excel
- Sketch-Up, Bluebeam, Adobe Photoshop & Illustrator experience desirable
- Basic understanding of civil, structural, mechanical, and electrical engineering CAD symbology
- Revit BIM systems and database experience preferred
- Excellent communication skills

Architects Alaska Offers:

- Fun, collaborative working environment
- Employer insurance including medical and dental, optional vision, life and disability
- Paid holidays and leave
- 401K retirement plan after 1 year employment
