

Dear Clients, Collaborators, and Friends of Architects Alaska,

To comply with the "Hunker Down" order, our team members are working remotely until the Mayor's order is rescinded.

We understand that flexibility is extremely important in the coming weeks and we will adapt as necessary and appropriate to remain productive, while minimizing exposure risk and promoting safety, health and well-being for ourselves, family and friends, and the entire Alaska community.

Our focus, dedication, and support are unwavering as we navigate this uncertain period. These are challenging times, but as a firm we feel confident that collaborative efforts with our community partners, along with the effective use of collaborative technology, will help us get through this together, in the safest way possible.

Please reach out to us if you have any questions or if we can assist you in any way. We hope you and your loved ones remain safe and healthy.

Best wishes,

**Your friends at Architects Alaska**
